

Earthwork Site Supervisor – Topsham, ME

As an Earthwork Site Supervisor, you will be assigned a project to complete with a crew of two to five employees based on project scale and scope. While completing the project your responsibilities include, but are not limited to, supervising a crew of laborers and equipment operators, reading plans, project layout, calculating and ordering materials, communicating with other employees, coordinating with subcontractors, conducting project safety meetings, completing required paperwork, operating equipment, and assisting with general laboring duties as necessary.

Qualified candidates are organized and experienced in leading and training employees to complete projects within established guidelines and time frames.

The position is full time. Year-round work may be available based on an individual's desire to work year-round, the winter workload, and his/her skillset.

Requirements for all candidates:

- Must have working knowledge of all OSHA standards and requirements.
- Must have a strong work ethic and desire to complete projects as outlined in project contracts.
- Solid math and layout skills
- Must enjoy working in a team environment and be willing to assist other crew members.
- Must be willing to work the necessary schedule which may include long hours, nights, and/or weekends
- Must have a valid driver's license (CDL A or B is preferred)
- Previous construction experience is preferred

Benefits:

Home every night, no overnight travel.

Vacation, holidays, health & life insurance, dental, 401k and profit sharing, boot reimbursement, and more.
