

Heavy Earthwork and Paving Equipment Mechanic

Crooker Construction is looking for a safety conscious candidate to join the team as a Mechanic to work on our heavy earthwork and paving equipment. The position will be based in the Topsham shop but travel to other Crooker facilities or job sites may be required.

The position will be responsible for maintenance, repairs, and general troubleshooting on heavy earthwork equipment and paving equipment. Most of the work will be done independently but there are times when Mechanics may be required to work as a team to complete larger or more complex repairs and maintenance projects.

Crooker is looking for candidates who are motivated to be a part of a team and able to support the daily needs of the maintenance shop.

The position is a full-time, year-round role.

Requirements:

- Must have a strong attention to detail.
- Basic computer skills to run scanning machines.
- Must have good communication skills.
- Must be able to work independently and successfully switch between tasks throughout the day.
- Must be able to work the necessary schedule which may include long days, nights, and/or weekends.
- Previous experience with a heavy construction and paving company is required.

Benefits:

Vacation, holidays, Health & Life insurance, dental, 401k and profit sharing. Home every night. No overnight travel.
